Countries where mountain farming is the most important
Other economic activities

• Importance of diversification and multi-functionalism
• Role of tourism and agri-tourism
• Multiplier on local economy
Beyond the economic importance: the social, environmental and cultural dimensions

• Pastoralism:
  • More than 4 millions ha of agriculture depend on transhumance

• Positive externalities:
  • Biodiversity / avalanche protection / cultural landscapes / fire protection

• Maintenance of local traditions

• Food as « provider of identity »
Why did we organise this conference? What do we expect from you?

• Where do we stand?
• How do Member States apply this new legislation?
• Do the producers use this new possibility to valorise mountain products?
• How to better valorise mountain products beyond the optional quality scheme?
We need you!

To sign the Charter of Mountain Quality Food Products
To valorise mountain products
To support mountain communities
To give us your feedback
Enjoy the conference!
Like mountain products!
